

What does architecture mean to you?

Win up to \$2000 by writing about architecture. You can write anything on this subject that means something to you, as long as it has something to do with architecture. That might include answering questions such as:

- What emotions do you feel when looking at, reading about or discussing architecture?
- What is your favourite piece of architecture and why?
- What do you believe makes great architecture?
- Does architecture mean sustainability alongside great design?
- What role can great architecture play in our growing towns and cities?

**Entries are invited for the
Warren Trust Awards for
Architectural Writing**

Entries close 15 October 2022
